PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building scalable web applications using ASP.NET Core, React.js, and SQL Server. Proficient in developing RESTful APIs, implementing role-based access control, and designing responsive frontends. Exposure to Python-based machine learning and AI-integrated applications. Committed to writing clean, maintainable, and well-structured code that solves real-world problems.

TECHNICAL SKILLS

Languages: C#, JavaScript, Python, HTML, CSS

Frameworks & Libraries: ASP.NET Core Web API, React.js, Angular, Django, Node.js, NumPy, Pandas, Tkinter

Databases: SQL Server, MySQL, PostgreSQL, MongoDB

Tools & Technologies: REST APIs, JWT Authentication, Swagger, Postman, Visual Studio, VS Code, Git

Concepts: CRUD Operations, Dependency Injection, Role-Based Access Control (RBAC), OOP, MVC Architecture

Operating System: Windows

EXPERIENCE

Knovos India Pvt. Ltd.

Jan 2026 – Apr 2026

.NET Developer Intern

Gandhinagar, India

- Developed a full-stack Web-Based Collaboration Portal using ASP.NET Core, React.js, and SQL Server for secure document and folder management.
- Implemented role-based access control (RBAC), REST API integration, and document versioning to ensure secure and auditable workflows.
- Built an activity logging system with React-based dashboards featuring filtering and pagination, integrated with REST APIs for real-time action tracking.

Prodigy Info Tech

May 2025 – Jun 2025

Web Development Intern

Remote

- Designed and developed responsive web pages using HTML, CSS, and JavaScript, improving UI consistency and cross-device compatibility.

TatvaSoft

Mar 2025 – Apr 2025

Angular and .NET Developer Trainee

Ahmedabad, India

- Gained hands-on training in .NET Core backend development and Angular frontend, building basic CRUD applications and understanding component-based architecture.

PROJECTS

- Web-Based Collaboration Portal | *ASP.NET Core, React.js, SQL Server*** 2026
- Built a full-stack portal for secure document and folder management with REST API integration and a responsive React frontend.
 - Implemented RBAC, activity logging, and audit dashboards with filtering and pagination for real-time visibility into system actions.
- Mental Health Analyzer | *React.js, Node.js, MongoDB, Groq API*** 2026
- Developed a full-stack AI-powered mental health application with sentiment-based mood tracking and an integrated AI chatbot using the Groq API.
 - Provided real-time mental health suggestions, SOS contact options, stress alerts, and interactive mood-improvement games.
- Stock Predictor Application | *Django, Scikit-learn, Pandas, NumPy, Matplotlib*** 2025
- Built a machine learning-based stock price prediction system using Scikit-learn, processing historical data with Pandas and NumPy.
 - Integrated real-time market data via APIs and visualized trends using Matplotlib to support informed decision-making.
- ReactiveNews App | *React.js, NewsAPI*** 2025
- Created a React-based news aggregator with category filtering, infinite scrolling, and optimized loading for smooth user experience.
- TextUtils Web App | *React.js*** 2025
- Developed a React.js text utility app with features including case conversion, word/character count, text preview, and clipboard copy with a responsive design.

EDUCATION

- LDRP Institute of Technology and Research** Gandhinagar, Gujarat
Bachelor of Engineering in Computer Engineering Sep 2023 – Jul 2026
- Relevant Courses: Database Management Systems, Operating Systems, Software Engineering, Artificial Intelligence
- The Maharaja Sayajirao University of Baroda** Vadodara, Gujarat
Diploma in Computer Engineering Mar 2020 – Jul 2023
- Relevant Courses: Data Structures, Network Security, Web Development

CERTIFICATIONS

- Python for Data Science – NPTEL
- GenAI Powered Data Analytics – Forage
- Career Edge – TCS iON
